2008 The Year Ahead

2007 ended off what has been our most successful year in many. As the Head Instructor I am extremely satisfied with the standard and feeling within the club. We worked hard last year in several areas. Our tournament team was focused on specific outcomes which were achieved beyond my expectations. The team rising to all the challenges put before them for the season. 2007 was the first year DETKD focused on developing a Technical tournament team. Under the careful watch of Daniel Gledhill we had an amount of success and will work in 2008 on improving and expanding our technical team.

Students working toward black belt grading's worked hard all year to fulfill the prerequisites. Their efforts culminated in grading's held in early December. Again the standard was high and a credit to those students dedication to achieve high

results at this level.

The Dale Eagling Memorial Championships was also strongly

attended by both Junior & Senior members and a club event that proves every year to be a favourite.

Our Pee Wee class continues to grow strongly and we have had many students progress onto the Senior class from this program. They have all adjusted extremely

well and are enjoying it immensely.

Our website was launched in October 2007, and this will provide an invaluable

tool in helping keep members up-to-date with information, website is: www.eaglingstaekwondo.com.au

In all 2007 will be a year I look back on with fond memories. For 2008 it will be no different . We have a big year planned and hope to see even greater success .

Tournament Training Sparring - will recommence on Wednesday 13th February, Moonah Hall at 6.00pm.

Technical - will recommence on 5th March, Moonah Hall at 6.00pm.

If you wish to participate in either of the tournament squads please see your Instructor.
